

European Citizens' Initiative

What is it all about?

The European Citizens' Initiative for the first time enables citizens to put an issue directly on the agenda of the European institutions.

More than 90 organisations and numerous activists in many countries have joined forces for a common initiative (European Citizens' Initiative). All over Europe we campaign for more civil participation and gather signatures for the implementation of the European Citizens' Initiative.

Take part!

Europe needs the support of its citizens! The European project can only be successful if it is backed by all of us. We want to show that active citizens together can make a difference.

We are looking for individuals as well as groups, initiatives and associations that want to help us to reach as many people as possible.

Get involved! Contact us if you have ideas or proposals for the initiative and if you like to join. We still need people from all EU countries! Please use the form attached for contacting us.
